Highlights of 04 November 2026 Current Affairs

- The governments of Greenland, Denmark, and the United States have formally approved a landmark trilateral security agreement to strengthen defense cooperation in the Arctic region. Signed in November 2026, this pact aims to enhance regional stability and counter emerging geopolitical challenges in the strategically vital Arctic zone. The agreement underscores a unified commitment to safeguarding territorial integrity and advancing shared security interests among the three nations.
- Collins Dictionary has officially declared 'Mogging' as its Word of the Year for 2026, reflecting significant linguistic and cultural shifts observed globally. The term, which denotes the act of asserting dominance or superiority over others, gained massive traction across digital platforms and everyday discourse this year. This selection highlights the dictionary's commitment to capturing the evolving dynamics of modern language and societal behavior.
- The Uttarakhand government has announced that November 28 will be observed annually as Disaster Management Day across the state. This decision commemorates the successful and historic rescue of 41 trapped workers from the Silkyara Tunnel collapse. The initiative aims to institutionalize disaster preparedness, conduct statewide mock drills, and honor the resilience of both the rescue teams and the citizens of Uttarakhand.
- India has been re-elected as the President of the International Solar Alliance (ISA) for a third consecutive term, reinforcing its global leadership in renewable energy. The announcement was made at the ISA headquarters in Gurugram, India, in November 2026. This re-election recognizes India's sustained commitment to driving global solar energy initiatives, fostering sustainable development, and facilitating climate finance for member nations.
- Keisha Lance Bottoms has made history by becoming the first Black woman elected as a Governor in the United States, securing victory in the Georgia gubernatorial election of 2026. The former Atlanta Mayor defeated her opponents to claim the office, marking a monumental milestone in American political history. Her election is celebrated as a transformative moment for representation and inclusive governance at the state level.
- The Indian Institute of Technology (IIT) Delhi has secured the 66th position in the QS Asia University Rankings 2027, leading all Indian institutions in the latest edition. Released in late 2026, the rankings evaluate universities based on academic reputation, research output, and faculty excellence. This achievement highlights IIT Delhi's consistent dedication to maintaining world-class educational standards and advancing technological innovation in the region.
- The IndiaAI Mission has successfully released indigenous artificial intelligence foundation models named EKA-1 and Dhīr, available in 2B and 5B parameter sizes. Launched in November 2026, these models are designed to significantly boost domestic AI capabilities and reduce reliance on foreign technologies. This strategic development aims to empower Indian developers, researchers, and startups with accessible, high-performance, and culturally contextual AI tools.
- Gopal Vittal, Managing Director and CEO of Bharti Airtel, has been re-elected as the Chair of the GSMA for a second term, which will run until December 2028. The announcement was confirmed by the global mobile telecommunications industry association in November 2026. His continued leadership is expected to drive critical

initiatives in global connectivity, next-generation network advancement, and digital inclusion across emerging markets.

- The tri-service Humanitarian Assistance and Disaster Relief (HADR) exercise, 'Tiger Triumph 2026', has commenced in Visakhapatnam, India, involving the armed forces of both India and the United States. Conducted in November 2026, this joint military drill focuses on enhancing interoperability and refining coordinated disaster response mechanisms. The exercise underscores the deepening strategic partnership and mutual defense readiness between the two nations in the Indo-Pacific region.
- The Indian boxing contingent has topped the medal tally at the Tammer Tournament 2026, securing an impressive total of 14 medals in Tampere, Finland. The athletes delivered exceptional performances throughout the competition, showcasing superior skill and rigorous training on the international stage. This dominant showing reinforces India's growing prowess and systematic development in global amateur boxing circuits.
- The United Nations has officially concluded its peacekeeping mission in Western Sahara, known as MINURSO, after 35 years of continuous deployment. The decision, finalized in November 2026, follows shifting geopolitical dynamics and the assessment that the mission's core mandated objectives have been met. This historic withdrawal marks a significant transition in the region's diplomatic landscape and international conflict resolution efforts.
- National Stress Awareness Day 2026 observed annually on 4 November, encourages stress management and greater attention to mental well-being in professional and personal environments.
    - Official Theme: “Shaping the Future of Stress and Wellbeing: Rehumanising the Workplace”
